A SANKOFA MOMENT: *The History of* *Trinity United Church of Christ*

"This is my fifth book. My first four books were collections of sermons. I owe the publication of those books to Reverend Jini Kilgore and to Dr. Colleen Birchett. It was their idea to publish my sermons. They took the tapes of my sermons, edited them and then 'shopped around' for publishers.

This is my first attempt at writing a book, however, that is not a collection of sermons. "
